

Sex

This subject is so important, and so many people have been too highly influenced by the world's thinking on the matter. This study is based upon a solid, biblically-based article by Winkie Pratney, and addresses the areas of sexual purity, the dangers of sexual sin, and forgiveness from sexual sins.

Timeline:

One week before - email them a copy of "*Learning to Live in Love*" by Winkie Pratney to read, and you read it yourself.

Three days before - read "*The Empty Path of Pleasure*" by Ravi Zacharias..

Two days before - read "*Sexual Purity*"

One day before - look over the Sex Discussion Leaders' Notes, and go through all of the scripture references in the notes. Prepare copies of Sex Discussion Handout for small group members.
